OVERVIEW ROAD MAP WITH STREET NAMES AS OF 20 JANUARY: CARREFOUR, HAITI

Operational Analysis with GeoEYE-1 Data Acquired 13 January 2010 and QuickBird data acquired 4 March 2008

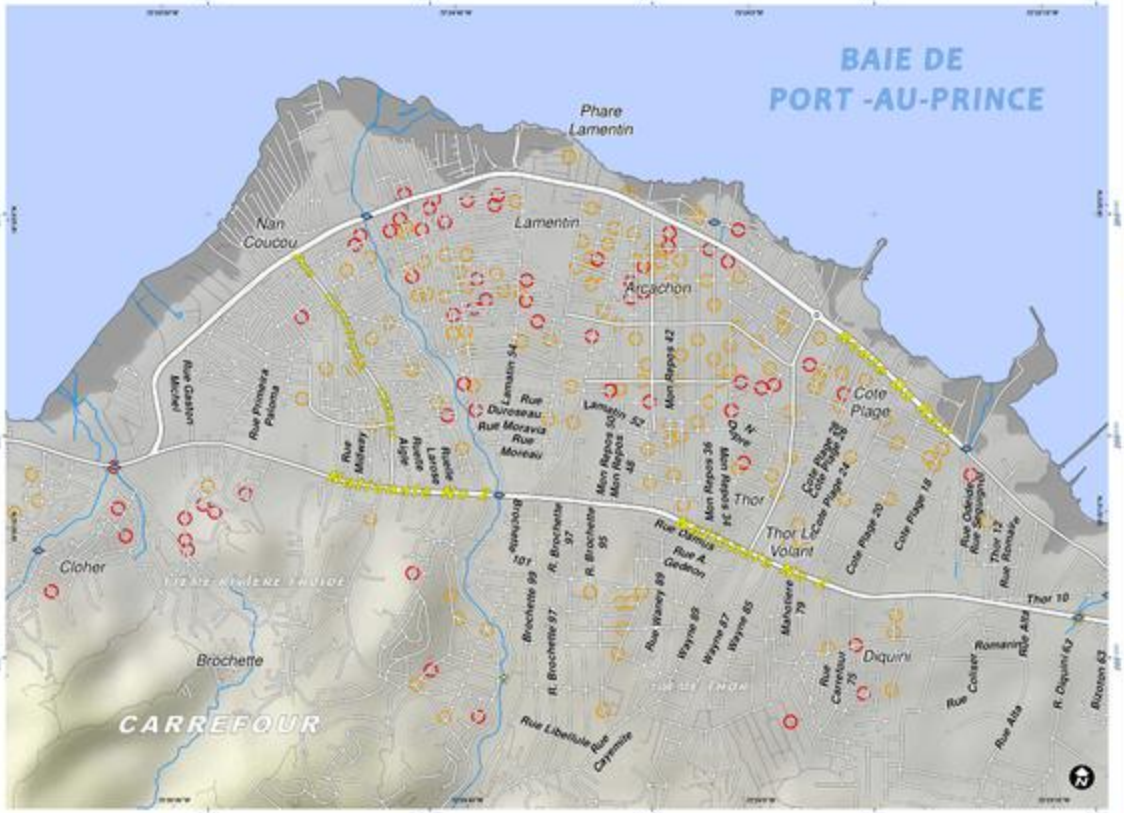
This work was done in support of the international humanitarian relief effort in Haiti following the earthquake on 12 January 2010. Informal IDP sites, bridges and road obstacles have been identified in GeoEye-1 imagery recorded on 13 January 2010. This is a preliminary analysis & has not yet been validated in the field. Road and bridge damages have likely been underestimated. Please send ground feedback to UNITAR / UNOSAT

Earthquake 7.0M

20 January 2010 (12:00:00 UTC)

Version 2.1

Glide No: EQ-2010-000009-HTI



Legend

Airfield
