# LUANG NAMTHA

Proud of its ethnic diversity

Nice bicycling in and around Luang Namtha  
- mostly flat or moderately up & down  
- no need for mountain bike, city bikes work fine  
- almost all city streets are paved but dirt roads outside of town  
- many local people still ride bicycles around  
- not much other vehicle traffic to worry about  
- at least 2 bike rental places have good bikes at low daily rates  
- not much shaded roadways, need a hat
