McMichals P.O.
Pa.*

EXPLANATION
This map shows the boundaries of the several States and Territories of the United States, and the location of the principal cities and towns. It also shows the location of the several Indian Reservations, and the location of the several National Parks. The map is colored to show the several States and Territories, and the location of the principal cities and towns. It is a very useful map for anyone who is interested in the United States.
