

A detailed map of the Oakville and Waterbury area in Vermont. The map shows the Naugatuck River flowing along the eastern border. Steele Brook and Echo Lake Brook are shown flowing through the town. Various parks and ponds are labeled, including Hemingway Pond, Delano Field, Echo Lake Park, Echo Lake, Sylvan Lake Park, Sylvan Lake, Waterbury Park, Fox Hill Park, Waterville Park, John A. Coe Park, and Panlatis Pond. The map also shows the Mattatuck State Forest and Rifle Range Pond. The town of Oakville is labeled in the center, and Waterbury is labeled in the bottom right corner. The map uses different colors to distinguish between land use types: yellow for residential areas, green for parks and forests, and blue for water bodies. The Naugatuck River is shown in a darker blue, while the brooks and ponds are in a lighter blue. The map also shows the town boundaries and the location of the Oakville and Waterbury schools.
