

Please note, this map is for discussion purposes only. Your Designated Area will be defined by a list of zip codes in Exhibit A of your Franchise Agreement. The map is a reflection of what the territory would look like if it were sold today. With a nationwide average of 10,000 individuals per day turning 65, your map may or may not change prior to you being placed into our Validation process. It will be at this stage that your territory interests are solidified. 7/28/2015
