

Dumbea Left (New Caledonia)

Users Rating 2/5: ★★☆☆☆

Type: **reef**

Reliability: **fairly consistent**

Best Swell: **SSW**

Offshore Wind: **NE**

Dumbea Left in **New Caledonia** is an exposed reef break that has reasonably consistent surf. Winter is the best time of year for surfing here. The best wind direction is from the northeast. Most of the surf here comes from groundswells and the best swell direction is from the south southwest. When it's working here, it can get crowded. Hazards include rocks and sharks.
